METRI ACCOUNT

WHAT IS METRI-ACCOUNT?

MetriAccount is a module to manage the customer account information such as company information, contact details, current and historical transaction with analytics to helps companies stay connected to customers, streamline processes, and improve profitability.

HOW DOES IT WORK?

With visibility and easy access to data, it's easier to collaborate and increase productivity. MetriAccount can give you a clear overview of the customers.

You can see everything in one place — a simple, customisable customer details that can tell you a customer’s previous history with you, the status of their orders, any outstanding customer service issues, and more.

This helps you build stronger relationships with them and grow the business faster as the customer experience improved.
